Asanté's 8-port 10Mbps Switches with two 10/100 Ports Deliver a High-performance, Plug-and-play Solution for Desktops and Servers

FriendlyNet 8+2 Switches

Integrating FriendlyNet 8+2 Switches with Your Network

- With FriendlyNet ™ 8+2 switches users and network administrators can combat congestion with direct connections to high-bandwidth users, fast workgroup servers, or network backbones.
- FriendlyNet's plug-and-play design easily integrates your present networking structure without the purchase of additional equipment.

Performance and Flexibility

- FriendlyNet 8+2 switches are available in two variations; the FriendlyNet FS3208 is designed for the smaller network supporting up to 32 total network users, and the FriendlyNet FS3208*Plus* is designed for the larger network or workgroup supporting up to 3000 total network users.
- Both the FriendlyNet FS3208 and the FS3208*Plus* are designed with eight 10Mbps ports with two 10/100Mbps ports that support network speeds up to 100Mbps full-duplex operation—delivering high-speed connectivity to corporate networks, power users and high-speed servers.
- NWay auto-negotiation on the two 10/100 ports makes configuration of your network devices easy. This dynamic feature automatically detects and configures 10 or 100Mbps operation to insure you are achieving optimum speed.
- FriendlyNet 8+2 also provides the flexibility of one dedicated (RJ-45) uplink port, allowing connection to a backbone or to another switch without a crossover cable. (Note this is not an additional switched port.)

Plug-and-play Design

Easy Set-up and Visual Management

- The plug-and-play design of Asanté's FriendlyNet switches make set-up and connection to your PCs, Macintoshes, servers and workstations easy—to get you up and running in no time.
- Easy to read LED lights provide at-a-glance management displaying link status, port activity, collision status, 10/100Mbps, and full-duplex operation, for simple network diagnostics.

Free Technical Support

Technical Support

- Asanté offers free technical support by calling our toll-free technical support line at (800) 566-6680 from 7 AM - 6 PM (MST) Monday through Friday, via Email, our Web site, or our 24-hour BBS.

Limited Lifetime Warranty

Warranty

- Asanté stands behind the reliability of FriendlyNet 8+2 switches by providing a Limited Lifetime Warranty, without the purchase of an extended warranty contract.

FriendlyNet 8+2 Switches Add Up to Value

- FriendlyNet provides accelerated network performance, delivering more power to your desktop, and combines it with cost-effective pricing, free technical support, and Asanté's Limited Lifetime Warranty. While the performance, affordability, free support, and warranty alone, make FriendlyNet a true value—combined with FriendlyNet's plug-and-play design for hassle-free set-up, there is no reason not to switch.

SPECIFICATIONS

LEDs:	Power, link, data, collision, maximum utilization, full-duplex and 10/100Mbps operation
Connector:	RJ-45 (10Base-T and 100Base-TX)
Switching Method:	Store-and-forward
Buffer Size:	
FS3208 switch:	1 MB
FS3208*Plus* switch:	4 MB
MAC Address Table Size:	
FS3208 switch:	32
FS3208*Plus* switch:	3000
Dimensions:	11″ x 6.7″ x 1.8″ (279 x 170 x 46 mm) 1 RU high
Weight:	7 lbs (3.18 kg)
Accessories Included:	
FS3208 switch:	Wall-mount kit, external power adapter
FS3208*Plus* switch:	Wall-mount kit, 19″ rack mount brackets with screws and external power adapter
Power Requirements:	
Voltage Range:	12 Vdc, 1.5 A
Environmental Operating Range:	
Operating Temperature:	0˚ to 40˚ C
Relative Humidity:	5% to 85% non-condensing
Standards Compliance:	IEEE 802.3, and 802.3u Ethernet Specifications
Emissions:	FCC Class A, CE
Support:	Limited Lifetime Warranty • Free Technical Support • World Wide Web • 24-hour Commercial Online BBS

ORDERING INFORMATION

Name	Description	Asanté Part # *
FriendlyNet FS3208 Switch	Eight 10/100Mbps ports and two NWay auto-negotiation ports (RJ-45) with one (RJ-45)10/100 uplink port, supports up to 32 MAC addresses	99-00467-81
FriendlyNet FS3208*Plus* Switch	Eight 10/100Mbps ports and two NWay auto-negotiation ports (RJ-45) with one (RJ-45)10/100 uplink port, supports up to 3000 MAC addresses	99-00443-81
Rack-mount Kit	Optional for FS3208 Switch	99-00469-81
